

# VIRTUAL TASTING EXPERIENCES

No need to book the party bus, Gundlach Bundschu will now come to you through one of our Virtual Tasting experiences.

During your hour-long tasting, two experienced wine educators will lead your group through an interactive virtual adventure in Sonoma history, viticulture and winemaking.

All you need to do is provide us a guest list, and we'll take care of the rest. We'll ship your guests a curated selection of wines, pairing snacks and wine accessories to prepare them for the big day.
